the fast changing world of human resources interfacing with information technology presents managers with complex and exciting challenges such as globalization and workforce diversity

human resource management is a thorough introductory text to the definition and scope of hr, the quality assurance aspect of hr, recent labor legislation, organizational planning and maintaining people motivation and leadership, individual and organizational empowerment, strategic and international hr, and assessing the future of hr. The text takes a practical approach, principles, concepts, and theories are illustrated and explained in context of south african cases and examples to encourage students independent thinking. The sixth edition has been revised to include recent developments and conditions in the sa environment.

This online course pack consists of contemporary human resource management first edition by Redman, ISBN 020159613X, plus access to a Pearson Education online course. This online course pack provides a thought provoking, critical yet accessible introduction to human resource management. The book is divided into two parts: the first part, fundamentals of hr, provides an analysis of the core elements of hr practice, whilst the second part, contemporary themes and issues, addresses key areas of rising importance in hr practice. Each chapter provides a critical review of the topic, bringing together theoretical and empirical material in a clear and engaging manner. The emphasis is on analysis and insight, but at the same time the authors look at the implications of hr research and theory development for practice. Each chapter is accompanied by a combination of case studies, role plays and exercises for students.

Managing people in a multinational context is the essence of international human resource management. This requires a broader perspective of what operating internationally involves and a clear recognition of the range of issues pertaining to all categories of staff operating in different functional tasks and managerial capacities. Books that are available on the subject are heavily loaded with cultural aspects rather than hr processes. From teaching experience it is noticed that students who are familiar with domestic hr books find it difficult to comprehend the subject of international hr. Therefore the topics are arranged in the traditional hr style with international implications at each stage. A separate chapter is allocated for expatriation and repatriation. Similarly, management of people in international context in sixteen countries is discussed in a separate chapter. The text aims to cover, in terms of industries, to illustrate the activities and approaches of international organisations. Also the coverage of different cultures is not intended to include all the different and diverse cultures of the world simply to enable sufficient understanding of the cultural contexts from which many of the approaches are derived and to provide background on the appropriateness of different aspects of managing people in international organisations. A detailed treatment to empirical researches on cross cultural issues and cross cultural comparative management issues arising out of cross border mergers and acquisitions as well as human resource issues emerging out of global acquisitions of Arcelor and Corus by Indian companies and companies of Indian origin are also treated in the text.

Contemporary human resource management provides students with a thorough and critical exploration of all the key functions and issues within hr today. Written in a clear yet thought provoking style, the book contains chapters contributed by experts in their field to ensure

coverage of the most recent ideas and practices each chapter is complemented by extensive case studies exercises or activities to put concepts into recognisable context it is suitable for students studying human resource management on a wide range of hr and general business management undergraduate and postgraduate degree programmes

the second edition continues to familiarize the students with the basic principles and techniques of human resource management comprehensively this textbook highlights the importance of effective management of human resources which results not only in organisational effectiveness but also sustainable competitive advantage with the coverage of contemporary topics such as hr scorecard gen y employees and work life balance it keeps the students abreast with the current human resource practices of the real world this textbook caters to the requirements of management students and is also a useful resource for hr professionals

international human resource management provides a critical assessment of contemporary international hr written by leading international scholars this text explores the challenges confronting organizations as they seek to develop effective resourcing strategies in a global environment international human resource management is an excellent companion text for upper level undergraduate postgraduates and mba students studying international or comparative hr

focusing on four resources people employees finance information and the natural environment this text aims to assist practitioners trainers and educators in their goal of creating a public service which is able to manage these scarce resources optimally

in a constantly evolving service led indian economy human resources have become the cornerstone of an organization s success the management of human capability has become an art that has to be understood and mastered to run a successful enterprise human resource management text and cases explains the basic concepts of this discipline and presents cases that provide an insight into the challenges faced by hr professionals on a day to day basis going beyond the coverage of a traditional textbook this book focuses on applied aspects of hr which capture the evolving challenges in the field the authors have used their extensive real world work experience in talent acquisition and human resource development and retention to provide an examination of all major concepts of human resource management in a lucid and engaging manner replete with examples and cases this title is a complete guide for all mba students and hr practitioners

the text covers the function areas of human resource management themes that are in chapters and through the book include strategic human resource management international issues in hr ethical issues in hr utility cost benefit analysis the role of human resource managers in improving productivity and quality and controversial issues

an excellent introduction to the subject i have not found a comparable text at this level on

fisher manchester metropolitan university up to date and pitched at exactly the right level clear interesting well structured and easy to follow norma d annunzio green napier university introducing human resource management presents all the core hr topics in a clear and lively style exploring the latest developments in areas such as employment law and strategic hr as well as current applications of hr practice in the workplace including a wide range of activities exercises case studies and real life examples this book really involves the reader helping you gain a good understanding of the theory and of how it applies in practice this edition includes a thorough update on equality legislation a new awhat next a feature to point you in the right direction if you want to deepen your knowledge of a topic add you knowa and a pause for thoughta boxes to get you thinking review and self check questions with answers to test your understanding a wealth of extra activities quizzes and multiple choice tests online to help you to check your knowledge and revise this book is ideal for a first course in human resource or personnel management at undergraduate or professional level including courses that lead to a cipd qualification margaret foot and caroline hook have extensive work experience in the field of hr they are both senior lecturers in human resource management at huddersfield university business school and are founding members of the cipd huddersfield geographical group

by using a thematic rather than a techniques based structure this book provides an opportunity to engage with problems and issues by going beyond the normal emphasis on best practice and techniques and developing an awareness of the wider context

what is strategic hr and how do you apply it in business what makes good hr strategy and how do you develop it what are the key issues that need to be considered when creating developing and embedding a strategic approach to managing people these are the fundamental questions asked by hr professionals and tackled in this innovative and comprehensive textbook drawing on the latest academic research the well respected author team take a reliably thematic approach to shrm broken into four distinct parts the book addresses the context theories themes and future of managing people strategically case studies and examples include tata motors samsung pizza express and deliveroo ensuring that theoretical discussion is always linked to practical application new strategic hr in action boxes take this one step further by presenting students with a scenario in which they themselves can make strategic decisions and reflect on their own evaluation of real life business practices critical thinking is essential in shrm so frequent critical reflection boxes review questions and questions accompany every case study ensure students are challenged to engage with the subject critically and reflectively global case studies and an opening chapter dedicated to the global context of shrm challenge the dominant western perspective and provide a rounded and adaptable view of shrm a user friendly structure and wide range of learning features including learning objectives key concept boxes and summaries ensure the text remains accessible even for those completely new to shrm online resources for students glossary links for instructors additional case studies powerpoint slides seminar activities suggested case study answers figures from the book

in this latest edition of human resource management a critical text john storey has brought together leading authorities in the field to provide critical coverage of contemporary and emerging issues in hrm it builds on the seminal work first published in 1989 the new text contains fully revised and up to date chapters from the original contributors while also offering new chapters on electronic hrm agility and scalability and international staffing as a result current debates about the nature and significance of hrm are developed and the volume once again offers the leading in depth critical analysis of the field the international team of expert contributors provides an authoritative critical and original account of contemporary hrm the book is ideal for advanced management students on a variety of courses
